[DOI: [10.1117/1.OE.60.3.039802](https://doi.org/10.1117/1.OE.60.3.039802)]

This article [Opt. Eng. 59(1), 013102 (2020) <https://doi.org/10.1117/1.OE.59.1.013102>] was originally published on 11 January 2020 with a typographical error that affected some of the reported results. In several instances “10,000<sup>th</sup>” was given incorrectly. The value should have appeared as “1000<sup>th</sup>.” The value “10,000” has been corrected to “1000” in the Introduction, Methodology, and Results and Discussion sections, including Figs. 6–8. The Results and Discussion section also has had some of the wind speed numbers revised accordingly.

The paper was corrected online on 11 March 2021.
